

Plants for Sale

Our latest Plant List contains the range of plants currently available. As we aren't able to grow large quantities of each some may sell out quickly but we have others growing on throughout the year so new lines are added regularly too. For an up-to-date list please request our latest copy as required.

If you would like to order any plants simply email your requirements to:

Chapelplants@outlook.com

We will then contact you to arrange collection of your plants - at a convenient time - from Halmer End Methodist Church.
